

Your own photo series

1. Give each picture a caption to give it some context, or add a short text.

2. Include an introductory text which gives the following information:

- Tell your readers something about yourself.
- Explain which aspects of photography you are interested in.
- Say what your photo series is about.
- Explain what your photos show and why you chose to show them.
- Talk about technical / creative choices you made (e.g. colours, composition, perspective).

Use the worksheet “Writing an introduction to your set of photos” for help.
